

MT-8022 Picabond Crimping Tool

Quick Details:

01. Product Name : Picabond crimping tool
02. Place of Origin : China
03. Model No : MT-8022
04. Product Length : 195mm
05. Gross Weight : 1.1kg
06. Apply for: AMP Connector all color but the blue one (PICABOND)
07. Packing size: 15*28*8.5cm
08. Material: ABS,Carbon Steel

Description:

The features of the hand tool and their functions are as follows:

Movable die (anvil) and two fixed dies (crimpers)—crimp the connectors. Wire supports—position and hold the wires in the crimpers. Wire cutter—performs two functions. First, it locates the connector on the anvil, and second, it cuts excess wire during the crimp cycle. Movable handle (with quick take-up lever and ratchet)—pushes connector into crimping dies and ensures a highly uniform, finished connection every crimp cycle.

Application Scenarios:

For mini PICABOND

Bule

For Standard PICABOND

purple / yellow / red / green

Applications:

- The recommended cable may include size 28 through 19 AWG copper conductors that are insulated with plastic (PIC), ribbon-paper, or pulp materials.
